Re: Etowah County Charitable Bingo

Dear Ms. Knowles:

This letter is in response to yours, to my attorney, Donald R. Rhea, requesting that the limiting conditioning placed on the permit issued to your client, Etowah County Charitable Electronic Bingo Trust, be removed.

After reviewing the certification document issued by Gaming Laboratories International, I am satisfied that the electronic bingo game and system submitted by your client to GLI for consideration is not legal under State law. The fact that the player with a game ending pattern receives nothing of value is, in my opinion, inconsistent with the traditional game of bingo. I am therefore declining your request that the limiting condition placed on the permit issued to your client to be removed.

Sincerely,

A handwritten signature in blue ink that reads "Todd Entrekin".

Todd Entrekin, Sheriff
Etowah County, Alabama
